## ASP.NET/ ASP.NET Core Developer

With over a year of experience in the tech industry, I've honed my skills in Dot Net Framework, ASP.NET, and Oracle 11G DB. A significant part of my career has been spent working at Vadodara Smart City, where I developed a Property Tax Generation and Collection System. This new system has improved data compilation from the old system by 75%, significantly speeding up the process. A standout accomplishment in my career was winning first place at the Tech Expo - PU in the CSE branch. My technical expertise, combined with my ability to deliver high-quality results, makes me a strong candidate in the field
